

**PUBLIC HEALTH ASSOCIATION  
of Australia Inc**

Announcing a PHAA and AEA joint initiative  
A workshop showcasing higher degree public health student research in epidemiology  
and public health

La Trobe University City Campus

215 Franklin Street

**Friday December 14<sup>th</sup>**  
9.30 – 4.00

In Victoria we have an enormous number of terrific research projects being undertaken by our research students, but unless we happen to hear about them at conferences or specific presentations we do not know about those outside our own universities.

The purpose of this workshop is to showcase higher degree research being undertaken in Public Health and Epidemiology, and to provide an opportunity for students from all Victorian universities to meet and network, and to listen to each other's work and learn together. We will have time to discuss projects in early development, work in progress and completed projects.

Abstracts for this workshop should be submitted by Monday November 26<sup>th</sup>. Papers which have been presented previously and revised, or which are likely to be presented in the future are welcome. All people who submit abstracts will be informed of the outcome by Monday December 3<sup>rd</sup>.

You do not have to submit an abstract to attend the workshop, but please let us know you intend to come for catering purposes.

Cost:

This conference is being subsidised jointly by AEA and PHAA and is free. Morning and afternoon tea will be provided, but lunch will be BYO or a visit to Victoria Market.

Prizes:

Book tokens will be awarded for each of the best epidemiology and public health presentations.

## PHAA / AEA workshop registration form

Please indicate:

**NAME**

**CONTACT DETAILS**

**email:**

**Telephone**

I will be attending this workshop

I would like to present a work-in-progress paper at the workshop

**Abstract (200 words)**
