

Discussion Forum: Environmental Health and the Intervention

Presented by

The Public Health Association of Australia (PHAA) and
The Menzies School of Health Research

Date: Thursday 20 August, 2009
Time: 11.00am - 1.00pm
Venue: Seminar Room, Menzies School of Health Research
Cost: Free

Facilitated by: Mr Xavier Schobben, Environmental Health, DH&F

Presented by: Adjunct Professor Michael Moore, CEO, PHAA

Description: A forum for discussing the Environmental Health issues in the NT, particularly the 'Intervention' affected communities

Aims:

1. Identify and discuss current environmental health issues
2. Provide a discussion forum for stakeholders
3. Assess the activity as a Menzies - PHAA collaboration
4. Issues feedback to the PHAA Special Interest group on Environmental Health

Who Should Attend?

Public health coursework and environmental health students, public health practitioners, Aboriginal community workers, environmental health workers, community health staff
