

Ms Jane McKenzie
Editor
Choice Magazine
Australian Consumers Association
57 Carrington Road
MARRICKVILLE NSW 2204

Dear Editor,

The Public Health Association of Australia would like to thank Choice Magazine for its recent article on water fluoridation. Water fluoridation is an issue that is often misrepresented in the media through the publication of sensational claims that are not based on facts. Choice's article provided a clear and grounded discussion on this issue for the benefits of its readers.

Yours faithfully,

Pieta-Rae Laut
Executive Director
